Trump voters who I spoke with say this; He has alienated them because of; 1) escalating instead of defusing the Ukraine/ Russia war; 2) pushing a bloated pork barrel spending bill and attacking Musk; 3) hiding the Epstein list; 4) firing the labor statistics chief who refused to back down; 5) unconditional support for Netanyahu's war. 6) accepting a plane from Qatar which will cost \$1 bill to retrofit; 7) building a gilded ballroom in the WH (no, they will NOT vote for a Dem but may sit out the next election in protest)
